The one book that tells you everything you need to know about the man who claims to be president of the United States . . .

FRONTMAN

By AFP's popular no-holds-barred investigative reporter Victor Thorn

Born in Kenya or Hawaii or Canada or somewhere else (we really don't know for certain, since he won't give us the legitimate proof we need), Barack Obama—some say his real, legal name is “Barry Soetero”—is the most mysterious character ever to occupy the White House.

But Victor Thorn's new book FRONTMAN—a compilation of what Victor has already uncovered about Obama—helps rip back the veil of deceit that surrounds “our” president. The author of the famed Hillary (and Bill) trilogy, *9-11 Evil*, *The New World Order Exposed* and a host of other fantastic works now puts the weird world of Barack Obama under inspection. And what Victor Thorn has uncovered is something that Americans need to know about . . .

What the Media Forgot to Mention . . .

Although the controlled mainstream media monopoly lionized Barack Obama, promoting the little-known politician with less than a year in the Senate right into the White House, FRONTMAN is 28 full chapters of eye-opening and disturbing data and information about the life and times of Barack Obama, presented by author Victor Thorn in no uncertain terms. This is a bold book you'll want to pass on to friends and family who—like many Americans—are beginning to get an unsettling feeling that all is not right in Washington today. This book will explain a big part of the problem.

The Secret Story Behind Barack

NEW BOOK FROM AMERICAN FREE PRESS & VICTOR THORN

A Brutally Honest Portrait of a Mysterious Figure

In 2008, Barack Obama became the face of hope and change. Yet lurking behind the scenes is a host of personages who long ago selected this man to forward their global agenda. *Frontman* reveals the actual powers behind his throne: Bilderberg plotters, Zionist handlers, global financiers and Marxist activists.

Critics have called Obama an empty suit, but in actuality, the suit is filled by a cabal of men and women whose primary goal is to radically transform the United States. To cover their tracks, an air of secrecy has enveloped Obama's past, including his birth records, college transcripts and employment history.

While other books merely scratch the surface, *Frontman* tears away the deceptive smoke and mirrors that have been used to propel him into the Oval Office. By far the most comprehensive exposé to date, President Barack Obama can no longer hide behind a façade that had been carefully created and orchestrated over the past few decades by people who are still pulling his strings. The title says it all: America's commander-in-chief is merely a figurehead for much more powerful people and forces.

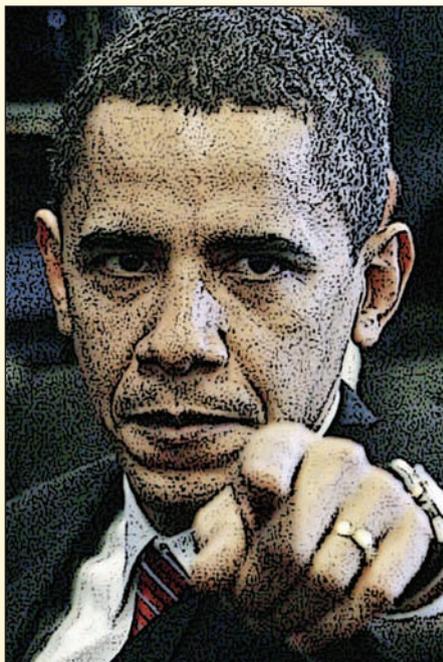

Now, at long last, one of the most brutally honest portraits ever presented shows how our nation is being controlled by unseen hands that are leading us perilously close to disaster.

The Covert Symbolism of Destruction . . .

In *FRONTMAN*, author Victor Thorn contends that Barack Obama is “an extremely dangerous symbol for our nation's future,” that Obama—for all his talk about “change”—relying on the gullible and naïve to fall for his rhetoric (persuaded to do so by the mass media)—is actually hardly more than a robot, a weak little man in front of the curtain, doing the bidding of the powerful, secret forces behind the scenes. Obama's mission, says Thorn, is the complete transformation of American life as we've come to know it and in *FRONTMAN* the author has laid out a frightening scenario as to how—and why—Obama's vaunted “change” is something that is hardly at all close to what his true-believers think that they want for America and the world today.

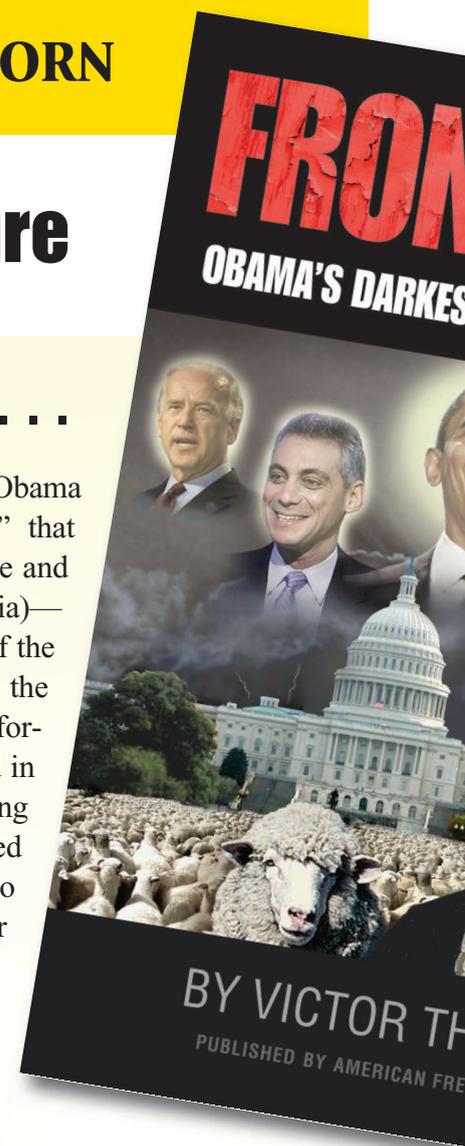

Obama: Guilty by Association— Communists, Racists, Crooks, Carpethaggers and Creeps . . .

In *FRONTMAN*, author Victor Thorn demonstrates, beyond question, that from his earliest years through his rise to the Senate and then on to the presidency, Barack Obama has been trafficking on an intimate basis with some of the most sordid and corrupt forces at work behind the scenes (and publicly, for that matter) in the American (and global) political arena today. Of course, the mass media (which is entangled with those elements that put Obama in office) has kept all of this under wraps. The truth is, as Thorn demonstrates, there's much more to Obama than meets the eye. Meet the strange people who surround the president . . .

Track Obama's Rise to Power . . .

Meet investigative journalist and author Victor Thorn . . .

AFP's Victor Thorn has emerged as one of the most popular independent journalists writing in America today. His hard-hitting investigative articles appearing regularly in the pages of AMERICAN FREE PRESS have established Thorn as a "must read" in the eyes of those who value the news and information he provides that is censored by the controlled media monopoly in America. Thorn founded Sisyphus Press in the fall of 2000 and is the author of 12 major books, as well as 10 chap books. He has published the works of numerous writers in the alternative media and has also produced four CD-ROMs and DVDs, including *Evidence of Revision*. Thorn is also the editor of four anthologies, and his political articles have appeared in various newspapers and magazines around the country. He was also co-host of *The Victor Thorn Show* on the Reality Radio Network from 2002 to 2003. In February 2004 he co-founded WING TV (World Independent News Group), which was a daily Internet television and radio talk show viewed in over 100 countries. Thorn has made hundreds of radio and television appearances (including *Coast-to-Coast AM*, *The Lionel Show* on WOR 710), and has done a weekly one-hour news update on Alex Merklinger's *Mysteries of the Mind*, while also appearing weekly on Vyzygoth's *From the Grassy Knoll* radio show and Frank Whalen's *Frankly Speaking Radio*. Thorn has been an avid political activist who spoke at the OKC Bombing 10th anniversary, as well as protesting 9-11 in New York City and in front of the White House.

Obama: Change Agent for the New World Order

The one consistent and underlying theme in all of the policies being pursued by Barack Obama is a push to consign American sovereignty to the trash can. All of the evidence together proves that Obama is a dedicated change agent working to advance the New World Order agenda. From his earliest days (as the record shows) Obama has been groomed for this role and now he has the power to do as his behind-the-scenes masters command. Victor Thorn has assembled the disturbing story of Obama's globalist agenda as it has never been done before.

9-11 on Trial: The World Trade Center Collapse. What caused the collapse of the three buildings of the WTC on 9-11? Is the establishment account credible? Thorn puts the Bush theory of what happened on trial. Softcover, 175 pages, #911T, \$14.

9-11 Exposed. A shocking 48-page booklet that explains the 9-11 attacks with science. Demonstrates jet fuel can't melt construction-grade steel; bombs were in the WTC. Reveals pre-9-11 WTC "power-down"; 9-11 vacancies and absenteeism. Softcover booklet, 48 pages, #911EX, \$8 each.

Ship Without a Country: Eyewitness Accounts of the Attack. AFP's first book on the *Liberty* attack. Eyewitnesses, survivors and high-ranking government officials speak out. Edited by Victor Thorn and Mark Glenn. Softcover, 75 pages, #LSB, \$15.

New World Order Exposed. Thorn & Lisa Guliani. There's nothing new about the NWO conspiracy. Its roots can be found in the Garden of Eden. Softcover, 563 pages, #WO, \$26.

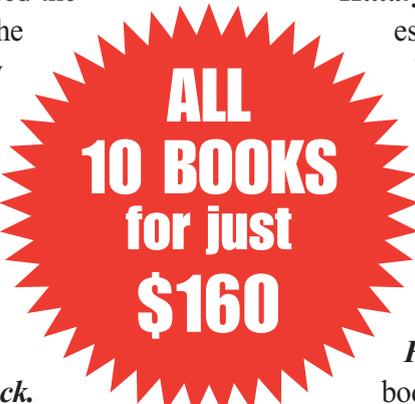

The New World Order Illusion. Thorn & Guliani. Why U.S. troops are stationed in Iraq; who really controls the media; the neo-conservatives' role as frontmen for the NWO; the role of the UN. Softcover, 132 pages, #ILL, \$15.

Hillary (And Bill) Book 1: The Sex Volume. Victor Thorn exposes Hillary's role as Bill's fixer, covering up even her own husband's sex crimes. Softcover, 333 pages, #HRC, \$25.

Hillary (And Bill) Book 2: The Drugs Volume. The Clintons' amazing connection to the Dixie Mafia, Barry Seal, CIA, Bush, Ollie North, Noriega, drug and arms smuggling operation in Arkansas and BCCI. Softcover, 333 pages, #HRC2, \$25.

Hillary (And Bill) Book 3: The Murder Volume. The "Clinton body count" is legendary. How much truth is there to the claim that they were involved in the deaths of over 100 people close to them? Was Vince Foster killed? Why wouldn't Susan McDougal talk? What about the boys on the Mena train tracks? Softcover, 393 pages, #HRC3, \$25.

Phantom Flight 93 & Other Astounding Sept. 11 Mysteries Explored. By Thorn & Guliani. Interviews, articles and on-the-scene investigations expose 9-11 governmental cover-up. Softcover, 150 pages, #193, \$20.
