

THE JUDAS GOATS: THE ENEMY WITHIN

Recent revelations about illegal domestic spying by the Bush administration are nothing new . . .

It's just the tip of a deep, dirty iceberg . . .

Now . . . for the first time . . . the shocking never-before-told story of the infiltration and subversion of the American nationalist movement . . .

The eye-opening account of the long-term effort to destroy the patriot movement from within . . .

Enemy Agents in Our Midst

IN 44 SOLID THOUGHT-PROVOKING and heavily-detailed chapters, coupled with dozens of fascinating photographs and other supplementary data, Piper has assembled a panoramic study that, in some respects, is almost a history of our time.

Ranging from the era of the Bolshevik Revolution to the stormy years preceding U.S. entry into World War II and on to the Cold War and the Vietnam era, bringing the readers right up to the events of the modern day, including the Oklahoma City bombing, the first attack on the World Trade Center in 1995, the holocaust at Waco and much, much more.

This is a volume you'll want to pass on to friends and colleagues, particularly those folks who may have said you were being "paranoid" to think there were enemy *agents provocateurs* in our midst.

IT HARDLY SEEMS POSSIBLE, but the one and only Michael Collins Piper has done it again! The internationally-acclaimed author of three stunning no-holds-barred blockbuster best-sellers has come back with yet another volume that is sure to be a classic reference work for years to come.

Now, in this incredible new work, Piper is tackling one of the least understood and most controversial arenas in American political life today.

CONTROLLED OPPOSITION? Piper rips the veil off the shocking never-before-told story of the infiltration and subversion of the American nationalist movement by enemy *agents provocateurs* and the creation of "controlled opposition" groups by the powers that be.

This is the amazing story of how federal intelligence agencies, such as the CIA and the FBI—in league with private spy organizations such as the ADL—have been manipulated by the alien force of international political Zionism and its ideological twin, Trotskyite communism.

Masquerading today behind the mask of "patriotism" and "anti-communism," burrowing deep within the American system, they have wedged their way into a position of power and influence beyond anything one might ever imagine possible.

But there's much, much more in 376 fact-filled pages.

Piper unmasks the traitors—who've posed as "patriots"—and, as usual, Piper pulls no punches and names names.

And some of those names may surprise you. There are enemy agents within our midst and THE JUDAS GOATS—THE ENEMY WITHIN tells it like it is.

Between two covers—for the first time—is the whole sordid history as only the detail-oriented nonsense Michael Collins Piper could tell it.

This is an amazing book and most certainly not only the first of its kind, but one which will remain the standard on the topic.

(For more on this amazing volume, see pages A-2, A-3 and A-4 of this special "wrap").

THE JUDAS GOATS is not for the faint of heart. It recounts an ugly history of subversion that has helped bring America to where it is today.

Here's a Sampling of the Amazing Revelations App

- The FBI's secret control of the Communist Party USA . . .

- The story of KGB spy Kim Philby who doubled as an asset of Israel's Mossad;

- The never-before-told story of how **a Zionist propaganda front manipulated Sen. Joseph R. McCarthy**, left, (a real shocker that will leave you reeling) . . .

- Why some prescient American nationalists realized as early as the 1950s that **the Zionists were working to grab control of the "conservative" movement** . . .

- How a handful of Zionist millionaires sought

THE JUDAS GOATS is just the latest blockbuster from Investigative Journalist Michael Collins Piper . . .

In *FINAL JUDGMENT: THE MISSING LINK IN THE JFK ASSASSINATION CONSPIRACY*, Michael Collins Piper outlined the wealth of evidence pointing toward the role of Israel's intelligence service, Mossad, as a primary conspirator in the murder of John F. Kennedy as a consequence of JFK's refusal to support Israel's drive to build nuclear weapons.

In *The High Priests of War*, Piper outlined the incredible, little-known story of how a clique of "ex-communists" turned so-called "neo-conservatives" rose to power and through their tightly-knit network of pro-Israel ideologues, think tanks and other pressure groups, orchestrated the senseless American war in Iraq.

In *The New Jerusalem*, Piper assembled the most up-to-date and comprehensive overview of the immense wealth and influence accumulated by the forces behind the Zionist Lobby in America today. Readers say there's no other book like it—that it's one of the most important "must read" volumes of our time.

On the strength of these works, Piper has been invited to speak all over the globe: from Abu Dhabi in the United Arab Emirates to Vancouver, Canada to Moscow, Russia to Kuala Lumpur, Malaysia and on to Tokyo, Japan . . .

Now, in Piper's new book, *The Judas Goats*, prepare for some shocking revelations that will make you think twice about what's really going on in the nationalist movement in America . . .

Appearing in THE JUDAS GOATS—THE ENEMY WITHIN

to stir up a war against Red China in order to make a fortune—and how they manipulated the “anti-communist” cause in order to do it . . .

- How a former Israeli arms smuggler became the “godfather” and behind-the-scenes money wizard of the “responsible conservative” movement in America;

- The ugly tale of how a quick-bucks operative and professional “right wing” huckster looted patriots for an entire generation . . .

- Michael Collins Piper’s own amusing (but very serious) account of his “one minute membership” in the **John Birch Society**—including eye-opening details about the secret history of that once-revered institution.

- The pathetic tale of how a well-known “conservative” newspaper helped destroy the American conservative movement . . .

- The strange story of how the Rockefeller family and the CIA created the pro-Israel Unification Church cult of Sun Myung Moon;

- **Newt Gingrich**—the Rockefeller Republican who was anointed the “leader” of the American conservative movement by the billionaire owners of the “liberal” *Washington Post* newspaper . . .

- How two prominent conservative U.S. senators have fronted for the Zionist movement in trying to

crack down on campus criticism of Israel . . .

U.S. Ambassador Targeted Piper

During his recent trip to Malaysia, author Michael Collins Piper learned that the U.S. ambassador to Malaysia, a member of the inner circle of the Council on Foreign Relations, had illegally offered bribes to both a bookstore owner and a publisher in Malaysia to try to stop distribution of Piper's books. Here's an abbreviated version of Piper's unanswered letter to Christopher J. LaFleur in Kuala Lumpur, Malaysia.

June 30, 2006

Dear Mr. LaFleur:

The matters discussed in this letter were already brought to the attention of the Malaysian desk of the U.S. State Department in Washington, D.C. For the record, however, I am directing this matter to your attention in this letter.

During my recent visit to Malaysia, I was astounded to learn from two former high-ranking Malaysian government officials that a person described as "the U.S. ambassador to Malaysia" approached two private entrepreneurs in Malaysia—a bookshop owner and a publisher of my books—and offered them bribes to persuade them to stop distributing *Final Judgment*, *The High Priests of War*, and *The New Jerusalem*.

If the person said to be "the U.S. ambassador to Malaysia" did indeed offer such a gratuity under such circumstances to either or both of these individuals, this is a crime, not only under U.S. federal law, but it is also under Malaysian law.

So I feel comfortable in asserting that the person who reportedly offered these bribes is corrupt, a criminal [who] should not be pretending to "serve" the interests of America or of any American citizen traveling in Malaysia.

Under U.S. law (and under Malaysian law), I would have grounds to bring a civil action against the person responsible for this malicious attempt to interfere with the commercial distribution of my books.

It's rather ironic, Mr. LaFleur, that a U.S. ambassador would try to stop distribution of these books, considering the fact that a former high-ranking State Department official has written the most forthright endorsement of *Final Judgment*.

In addition, when the Anti-Defamation League (ADL), the Zionist lobby group, tried to prevent me from lecturing

about *Final Judgment* on a college campus in California some years ago, one of the persons who came to the defense of my right to lecture on campus was Colonel Forest J. "Joe" Hunt, who was not only the trainer, at Quantico, but also the commander, of all of those U.S. Marines that guard United States embassies—including yours—around the globe. That's the kind of people who have stood up in my defense, quite a different "cut" from those trying to sabotage me.

Since my books, in part, take aim at the intrigues of the New York-based Council on Foreign Relations (CFR), I understand why you personally might be offended by those books, since your official biography brags of your role as the so-called "Cyrus Vance Fellow in Diplomatic Studies" at the CFR, of which you are a member.

But if you are here to deny that it was either you or the former ambassador or any member of the U.S. Embassy staff responsible for this crime, then it is your responsibility to find out who was then posing as "the U.S. ambassador to Malaysia" in offering the bribe.

* * *

Is it possible the staffer was acting at the direction of some Israeli lobby figure, such as Abe Foxman of the Anti-Defamation League of B'nai B'rith, or Rabbi Abraham Cooper of the Simon Wiesenthal Center or perhaps the former officials of American Israel Public Affairs Committee who are under indictment for illicit receipt of U.S. intelligence data?

Is it possible that the bribe money was provided by one of these Israeli lobby groups or from some source such as billionaires Edgar Bronfman or S.I. Newhouse or some other known supporter of Israel and the intrigues of the Israeli lobby?

Are American embassy officials offering bribes to foreign corporations on behalf of private interest groups for political reasons?

These questions are posed here precisely because I don't have the answers. But I have enough information to prove beyond question that I am a target of criminal elements inside the U.S. government.

When I learned—after the fact—that "my" own "ambassador" in Malaysia was using his influence (and presumably even my own tax dollars, perhaps taken out of some "black budget" for such purposes) to interfere with the distribution of my books, my reaction was not one of anger, but horror.

I was shocked to know that the very individual most ultimately responsible for protecting my interests, as an American citizen traveling in Malaysia—was telling Malaysians that I am considered "garbage" by my own ambassador and subject to being the target of an illicit, crooked backroom deal.

It is appropriate to note that—in March of 2003—a representative of the George W. Bush administration's U.S. Embassy in Abu Dhabi in the United Arab Emirates pulled a similar "dirty trick" undermining me while I was traveling in that country, having given a speech critical of the administration's insane foreign policy as directed by the pro-Israel neo-conservatives. While I was a guest of the Arab League's official think tank, the Zayed Center, funded by Abu Dhabi's ruling Zayed family, a U.S. Embassy official called the Zayed Center to complain about my appearance there.

In closing, I will repeat to you what I told the State Department in Washington:

- Although I am confident I could win a civil action in certainly a Malaysian court (and possibly an American court) against the individual responsible for the outrageous conduct outlined here, I do not choose to initiate such litigation.

- Although I am certain that there are good officials inside the FBI and the Justice Department who would not hesitate to take on a criminal investigation of this matter—evidenced by their efforts in pursuing such criminals as Lewis Libby, and those distasteful Zionists from AIPAC, not to mention another corrupt Zionist operator, Jack Abramoff—I am not going to demand an FBI investigation.

In other words, I am letting a criminal (or criminals) get away with a crime . . .

But perhaps this public exposure of this crime will serve as a warning not to let it happen again. Back off. Next time the full force of the criminal and civil law will be brought to bear, both here and in Malaysia or wherever else appropriate, and all those responsible will be held to account under the law.

Remember: there are still good people in the American system: in the military and in the FBI and the Justice Department and in the CIA and the NSA and in the State Department, too. These folks are ready to root out the bad guys who are carrying out the dirty tricks operations and the war-mongering schemes of the Zionists and there are millions of Americans who are ready to rally behind them.
