# The 2006 AFP/TBR Free Speech Confab

Here are some of the amazing speakers and guests we've scheduled for this year's blockbuster conference:

Register today and your name will be entered for a chance to win \$250 in books & videos!

MICHAEL COLLINS PIPER

**Michael Collins Piper:** His career has taken off like a meteor since the publication of his first "underground bestseller" *Final Judgment*. On the heels of that book came *The High Priests of War* and *The New Jerusalem*, combined selling 50,000 copies. All together, more than 250,000 of Piper's books have been distributed worldwide. And here he is in person, just back from an international peace conference in Malaysia in which he was an honored guest of former Prime Minister Mahathir Mohamad. What is next on the agenda for Michael Collins Piper? Find out at the conference.

DR. INGRID ZUENDEL

**Mrs. Ingrid Rimland Zuendel:** This iron-willed woman is more than just "the wife of Ernst Zuendel." Ingrid Zuendel is a brilliant and learned woman who has stood shoulder to shoulder with her husband against the worldwide thought police who have made persecuting this couple a linchpin in their attempts to destroy revisionism. You'll find out why the New World Order crowd has met its match when you meet Mrs. Zuendel. She'll be updating us on her husband's situation and her own efforts to exonerate him.

TEXE MARRS

**Texe Marrs:** Marrs is the author of 35 books on Bible prophecy, secret societies, the New Age movement and world affairs. He is a particular target of Masonic lodges in the United States for his work on the history of Zionist and Masonic intrigue. A riveting speaker. Hear what he has to say.

ELLEN MARIANI

**Ellen Mariani:** Wife of Louis Neil Mariani, who died when United Airlines Flight 175 crashed into the south tower of the WTC, will share her moving story. Mrs. Mariani has been the victim of a federal censorship campaign, being threatened with reprisal if she talks about 9-11. But here is this gutsy lady to do just that at the 2006 Conference. You will fall in love with Ellen.

**Peymon Mottahedeh:** The founder of Freedom Law School and a co-sponsor of this important event, Peymon Mottahedeh will be energizing the crowd with his inspirational message urging Americans to learn their rights, know their rights and use their rights. AFP and TBR are proud to have such a prominent group as Freedom Law School involved in this year's conference.

PEYMON MOTTAHEDEH

**Dr. Fredrick Töben:** Inside this suave and brilliant historian beats the heart of a lion. Töben has been jailed for publishing scholarly reports on "sensitive topics" but refuses to bow to the myrmidons of political correctness. Hear what this "ambassador of revisionism" has to say about the state of free speech and honest historical inquiry today.

DR. FREDRICK TÖBEN

**Dr. Doug Rokke:** Once a high-level weapons expert with the U.S. Army, he was responsible for educating soldiers about depleted uranium, a radioactive substance used in U.S. munitions. Cumulatively, tons of this substance—poisonous to living things—have been spread across Iraq and the Balkans. Rokke is now depleted uranium's worst enemy, working tirelessly to inform the world about the longlasting health effects of this insidious substance.

DR. DOUG ROKKE

**Victor Thorn:** Author, publisher, radio show host, patriot, Thorn has sold a bevy of books on the NWO and the 9-11 terror attacks. Nobody knows better than Thorn how the NWO operates. What he has to say will keep you glued to your seat! He will be accompanied by longtime associate Lisa Guliani.

COL. DONN DE GRAND PRÉ

**Col. Donn de Grand Pré:** Author of the *Barbarians at the Gate* trilogy and *Neo-Conned*, Col. Grand Pré, as a former Pentagon insider, has been at the center of some of the biggest events of the 20th century. Come hear what this honest American has to say.
