HOW 'THEY' LEAD US INTO WAR—AND MAKE

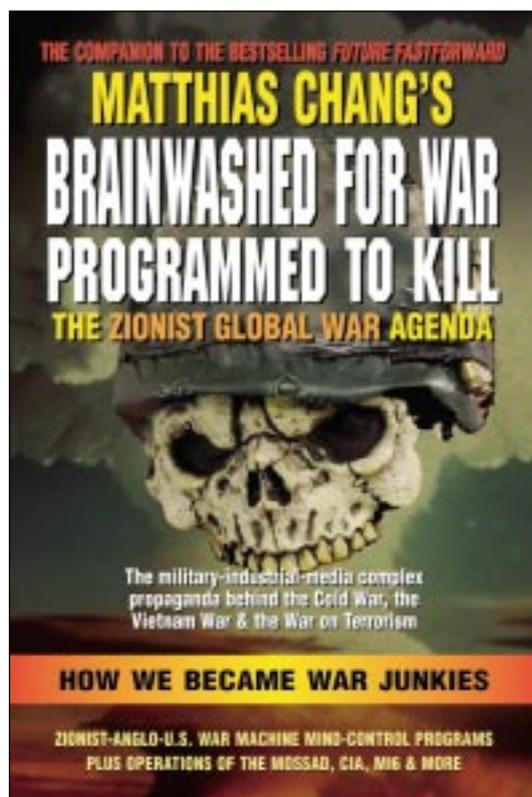

Matthias Chang's *Brainwashed for War* Exposes the Plots of the Warmongers!

The Military-Industrial-Media Complex Propaganda Behind the Cold War, the Vietnam War and the War on Terrorism . . .

With the publication of his first book, *FUTURE FASTFORWARD*, Malaysian attorney and diplomat Matthias Chang unquestionably established himself as a front-line geopolitical strategist in the fight to derail the forces of global imperialism that are generally known as "The New World Order." *American Free Press* had the distinct honor of releasing the first-ever American edition of that book, which had already been a best-seller in Chang's native land.

Many AFP readers commented, after reading the book, that it was "the best book" they ever read. And that's why, now, with the release of his equally-invigorating sequel volume, *BRAINWASHED FOR WAR: PROGRAMMED TO KILL*, Chang reaffirms the good faith and confidence in his work of so many readers in both Malaysia and the United States.

And, once again, AFP is proud to be responsible for the first-ever American edition of this new landmark work, which is certainly the first of its kind ever published on American soil.

Available for the first time in the United States—exclusively from *American Free Press* (originally printed in Malaysia).

DOCUMENTED:

The working papers and the war plans of the Military State Capitalist Elite . . .

This 561-page volume is replete with documentary evidence exposing the vile propaganda warfare, mind-control, and brainwashing operations carried out by some of the world's most powerful clandestine intelligence agencies in the world—which includes the Israeli Mossad, the CIA, and Britain's MI6—and how these operations have come to impact our lives today.

Included in this opus of veritable knowledge for our future true independence and freedom are 14 appendices containing historical speeches and literature, declassified top secret documents and intelligence doctrines amounting to some 200 pages of arduously researched must-read information!

Sept. 11 . . .

9-11 was "the New Pearl Harbor" of the 21st century—but what future "Pearl Harbors" lie ahead?

Along with many, many other key original documents representing the working papers and war plans of the military state capitalist elite that appear in the pages of Matthias Chang's *BRAINWASHED FOR WAR: PROGRAMMED TO KILL*, you'll find four propaganda missives from the now-infamous Project for the New American Century (PNAC). It was PNAC—the think tank of the Zionist neo-conservative network—that laid the plans for the "war on terror" and the subsequent invasion of Iraq. And now they are laying the groundwork for war against Iran . . . and every other nation that dares to stand in the way of the New World Order.

MEET MATTHIAS CHANG:

Malaysia's No-Nonsense Defender of American (and Malaysian) Independence from the New World Order:

In recent years, attorney Matthias Chang, one of the best-known trial lawyers in Malaysia, has emerged as a hotly controversial and always-outspoken figure in the political affairs of that Southeast Asian republic.

Although a Christian, educated though his childhood years and on through law school in England, Chang is of Chinese descent in a country which is a remarkable ethnic amalgam of native Malays, diverse Chinese elements, as well as a considerable number of Indians (Christian and Muslim alike) and many, many other ethnicities.

Having established himself as a well-known and highly successful attorney and entrepreneur, Chang entered public service for the first time in the closing years of the 23-year-reign of "The Father of Modern Malaysia," Dr. Mahathir Mohamad, appointed by Mahathir to serve in the pivotal post as Mahathir's Political Secretary.

Today, following Mahathir's retirement in 2003, Chang continues to serve as a confidant and advisor to the ex-Prime Minister who remains a major force not only in Malaysia but throughout Southeast Asia and, indeed, the entire Muslim world, reaching every corner of the planet.

A no-holds-barred critic of Zionism and global imperialism, like Dr. Mahathir himself, Chang is well-versed in American history and political affairs and is a fervent admirer of the real American tradition, not the distorted and twisted form of "Americanism" being promoted by the likes of George W. Bush and his neo-conservative handlers and their allies in Israel.

Not only Americans are concerned about THE NEW WORLD ORDER

MATTHIAS CHANG DOES SOMETHING THAT FEW AUTHORS DO TODAY: he makes you think. He provides fresh—unique—insights into matters that impact directly on the survival of mankind, the policies and behind-the-scenes maneuvers of power groups that seek to direct the course of world affairs. And his perspective, coming from an Asian intellectual, is a refreshing alternative to the standard American—and Western—outlook that predominates in most material (published in the English language and freely available to American readers) dealing with the topic of the New World Order.

Matthias Chang Has a Message for You: 'All Nations Must Unite Against the New World Order'

Patriots, it is with much regret that I could not attend your recent conference in Washington, D.C., the historic capital of America, to participate in your landmark forum. I have great affection for the *American Free Press*. Long may he and the *American Free Press* continue.

I am also confident that you will understand my love for America and the American people.

On receiving the invitation from Christopher Petherick, I cannot help but cast my mind to the *Farewell Address* by George Washington in 1796. I have read it so many times, and on each and every occasion, I found his counsel and wisdom more relevant and appropriate than ever.

It may be useful for us to recall what he said:

Firstly:

I shall carry it with me to my grave, as a strong incitement to unceasing vows that heaven may continue to you the choicest tokens of beneficence; that your union and brotherly affection may be perpetual; that the free constitution, which is the work of your hands, may be sacredly maintained; that its administration in every department may be stamped with wisdom and virtue; that, in fine the happiness of the people of these states, under the auspices of liberty, may be made complete by so careful a preservation and so prudent a use of this blessing as will acquire to them the glory of recommending it to the applause, the affection, and adoption of every nation which is yet a stranger to it.

We, in Malaysia are no strangers to the goodness of America and your *Free Constitution*. Strange as it may sound, your Constitution has inspired a generation of freedom fighters in the third world following World War II and continues to inspire people throughout the world even as the United States is waging wars in Iraq and Afghanistan and threatening nuclear strikes against Iran and Syria.

President Bush got it so wrong when he asked, "Why do they hate us?"

We don't hate America and the American people. America is not our enemy.

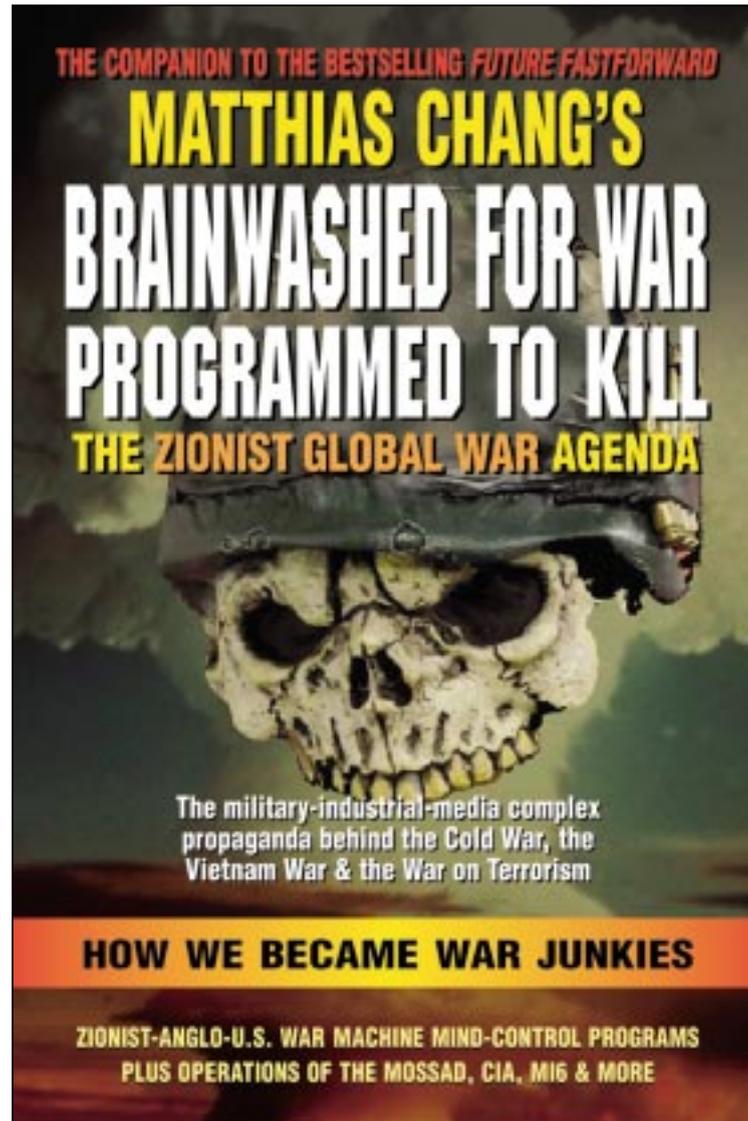

The Constitution and the Declaration of Independence shall always be a beacon of hope for those who are oppressed. What has disappointed us, and continues to dismay the victims of war, is that, essentially, since World War II, each and every administration in one way or another has betrayed the U.S. Constitution and the exhortations of President George Washington.

I seek your indulgence to consider:

How did we, the people of the third world and our lands become the strategic interest of the United States?

Why should our resources be controlled by U.S. multi-national corporations?

Why must we be made cannon-fodder for the Zionist

Global Agenda?

Why must Islam and its 1.6 billion adherents be demonized?

In the present circumstances, are we, the people of the third world, not entitled to question the motives of your government when George Washington has counselled:

Secondly:

Observe good faith and justice toward all nations; cultivate peace and harmony with all. Religion and morality enjoin this conduct; and can it be that good policy does not equally enjoin it? It will be worthy of a free, enlightened, and at no distant period, a great nation, to give to mankind the magnanimous and too novel example of a people always guided by an exalted justice and benevolence.

Just imagine what it is like to be on the receiving end, day-in, day-out, of laser guided bombs, cluster bombs, phosphorous bombs, senseless killings by death squads and torture practices such as those in Abu Ghraib Prison and Guantanamo Bay.

But *death* does not discriminate—it kills all and sundry. Should not the body bags bringing home brave

young men and women and those maimed for life move us to question the morality of the policies that are grounded on the principles that *might is right* and *wars are legitimate means to settle disputes*?

* * *

America lost over 55,000 of her bravest and most loyal in the quagmire of Vietnam. Over 2,830 Americans have been slaughtered, and tens of thousands crippled for life in the Iraq adventure. And more will die in the years to come.

How many more lives must be sacrificed before we wake up to the folly of the policies of the Zionist-inspired neoconservatives?

How many more mothers and fathers, wives and children must suffer the dreaded knock on the front door—not to welcome a visitor, but to receive the confirmation of death of a dear and beloved?

The passionate attachment for Israel, more so in recent times, has brought untold suffering not only to the world but to America as well. It cannot be right for America to abandon her sacred "duty and interest" just so that Zionist Israel can be the regional hegemon in the Middle East. Not satisfied with the vision of Israel's forefathers, Ariel Sharon declared that Greater Israel should extend from Mauritania to Afghanistan and not from the Nile to the Euphrates. And so the killing—the barbaric massacre of the innocents—continues unabated.

World War IV has started. Another generation of brave young Americans will be slaughtered, denied the right to a full and rewarding life, *the sacrificial lamb* before the Zionist altar.

This cannot be America's agenda.

This cannot be the America that I know and admire.

This cannot be the America of the *American Free Press*, THE BARNES REVIEW, *The Spotlight* and the truth seekers that I had long admired, Harry Elmer Barnes, Willis Carto, Michael Collins Piper, Christopher Petherick, Col. Donn de Grand Pré and many more.

Dear good people of America, I plead once again for "good faith and justice," that George Washington's America be reclaimed so that this great nation can take its rightful place as the center for peace and harmony with all, that Christianity and morality enjoin this conduct. We stand at a crossroad and as Mark Twain said "each man must for himself alone decide what is right and what is wrong, which course is patriotic and which isn't. We cannot shirk this and be a man (and woman too). To decide against your conviction is to be an unqualified and inexcusable traitor, both to yourself and to your country, let men label you as they may."

I have faith in the goodness and morality of America, of this great nation to do what is right. The peace and freedom loving peoples of the world await your decision.

I have faith and the conviction that this gathering of true American patriots will decide correctly and reclaim George Washington's America from the Zionist neocons. ★
